FOR IMMEDIATE RELEASE
August 5, 2014

Attic Ease® kits are now offered by Lowes.com

Attic Ease® is excited to announce that effective immediately Lowe's Home Improvement Centers of Mooresville, North Carolina is now offering Attic Ease kits through its online catalog, www.lowes.com.

Attic Ease® is a very simple product designed to solve a very ugly problem that exists in an estimated 80 million homes in the U.S. Most existing recessed attic ladders come with a dangling cord that is obtrusive and very unattractive.

Attic Ease® kits present a fashionable solution to a very unsightly problem. Each kit is a complete system that includes a fashion "pull ring" to replace the existing cord; a solid oak "reach hook" that allows the attic ladder to be pulled down and closed; and a fashion "storage hook" for storing the reach hook when not in use. Attic Ease® turns existing eyesores into attractive features that every homeowner will be proud to have in their homes.

Lowes.com joins a growing list of national and international vendors now offering Attic Ease®. Attic Ease® is offered by Lowes, Home Depot, Menards, Do It Best, Stine's, Wayfair, Improvements Catalog, Amazon, Sears, Berings, Breed & Co, Elliott's and others.

25 Highland Park Village, Suite 100-710, Dallas, Texas 75205
