BED BATH & BEYOND®

Attic Ease® is excited to announce that effective immediately BedBathandBeyond.com is now offering **Attic Ease® kits** .

Attic Ease® is a very simple product designed to solve a very ugly problem that exists in an estimated 80 million homes in the U.S. Most existing recessed attic ladders come with a dangling cord that is obtrusive and very unattractive.

Attic Ease® kits present a fashionable solution to a very unsightly problem. Each kit is a complete system that includes a fashion “pull ring” to replace the existing cord; a solid oak “reach hook” that allows the attic ladder to be pulled down and closed; and a fashion “storage hook” for storing the reach hook when not in use. Attic Ease® turns existing eyesores into attractive features that every homeowner will be proud to have in their homes.

BedBathandBeyond.com joins a growing list of vendors now offering Attic Ease®. The kits are offered by Home Depot; Lowes; Menards; Walmart.com, Do It Best; Wayfair.com; Improvements Catalog; Amazon; Sears; Stine Home Improvement Centers; Berings, Breed & Co; Elliott’s Hardware; Parker Lumber Stores; Klaff’s and others throughout the U.S.
